PHASE II CONCEPTUAL PARK DESIGNS

“RASH FIELD WILL BE A PARK ALL BALTIMOREANS WILL BE PROUD TO CLAIM AS THEIR OWN. IT’S AN EXCITING TIME TO SEE A PREMIER PARK AT THE INNER HARBOR WITH A FOCUS ON NATURE, INCLUSIVITY, AND WELLNESS.” – Jingpeng Gu, Mahan Rykiel President

DESIGNED FOR OUR COMMUNITY, BY OUR COMMUNITY

DISCOVER THE NEW RASH FIELD PARK

Phase I, which celebrated its official opening on Nov. 5, 2021, helped redefine what waterfront public spaces can be with family-friendly elements like the BGE Nature Play area, Jake's Skate Park, the Adventure Play area, and the BGE Pavilion. Rash Field Park has become a central hub for the community and the city at large by hosting a wide variety of events, such as the 4th of July's Star Spangled Celebration, the Cystic Fibrosis foundation's Festival, Harbor Harvest Children's Fall Festival, and free regularly scheduled programs such as Waterfront Wellness and Boards & Breakfast.

In a year's time, Phase I saw an average of ~1,975 visitors per day with an estimated 700,000 annual visitorship. Phase I was awarded Urban Land Institute's 2022 Wave Maker Award, and Jake's Skate Park won Baltimore Magazine's Best of Baltimore award for Best Skate Park.

PHASE II - A PARK IN PROGRESS

Phase 2 of Rash Field Park will take several more years to complete. Based on several months of community engagement and follow-up conversations facilitated by Assedo Consulting after Phase I's completion, the concept shown here was developed to consider places for recreation and leisure with a large open lawn, extensive gardens, a beach, and several walking paths, including a leisure walk, a nature walk which winds through the gardens, and a fitness trail that borders the beach, terrace and lawn.

PHASE I – COMPLETED & OPEN FOR PLAY!

PHASE II – A PARK IN PROGRESS
